INTRODUCTION

These easy to install, innovative 2D surfacing products add colour and interest to commissions across Europe whilst importantly saving days of time and therefore cost at each site they are used.

The 3D Star Buddies provide a wide range of amazingly detailed creative characters, aimed at 2-10 year olds. These amazing life-like creatures are changing children's play spaces, forever!

Many of these surfacing products include recycled materials.

All our surfaces are tested and certified to BSEN 1177 for the correct critical fall heights, tested to BSEN 7188 to achieve the correct strength and lifespan. We do these checks to ensure our surfaces are as seamless and safe as they can be. All surfaces are covered by our 5-year warranty.

Installations in school, nursery, council, local authority, golf course, hotel, hospital and residential home environments and are used by industry leading companies.

2D GRAPHIC INSTALLATION GUIDE

1

Gather required tools for marking and installing.

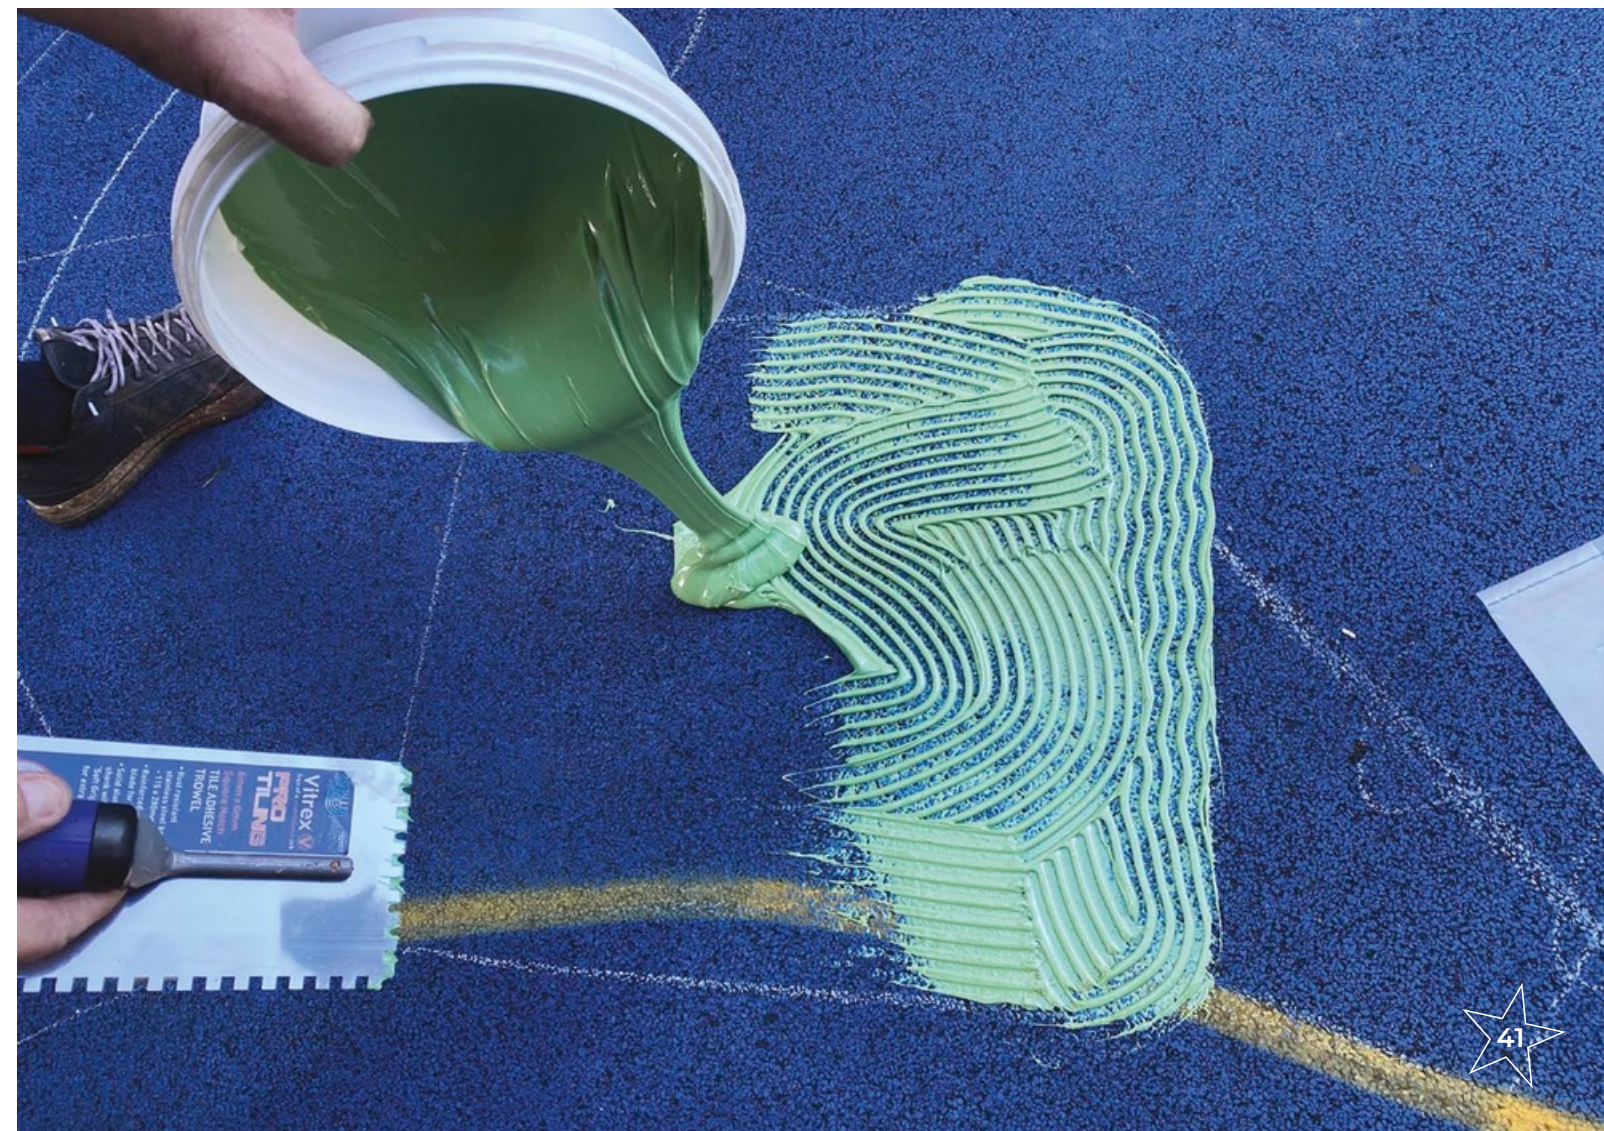

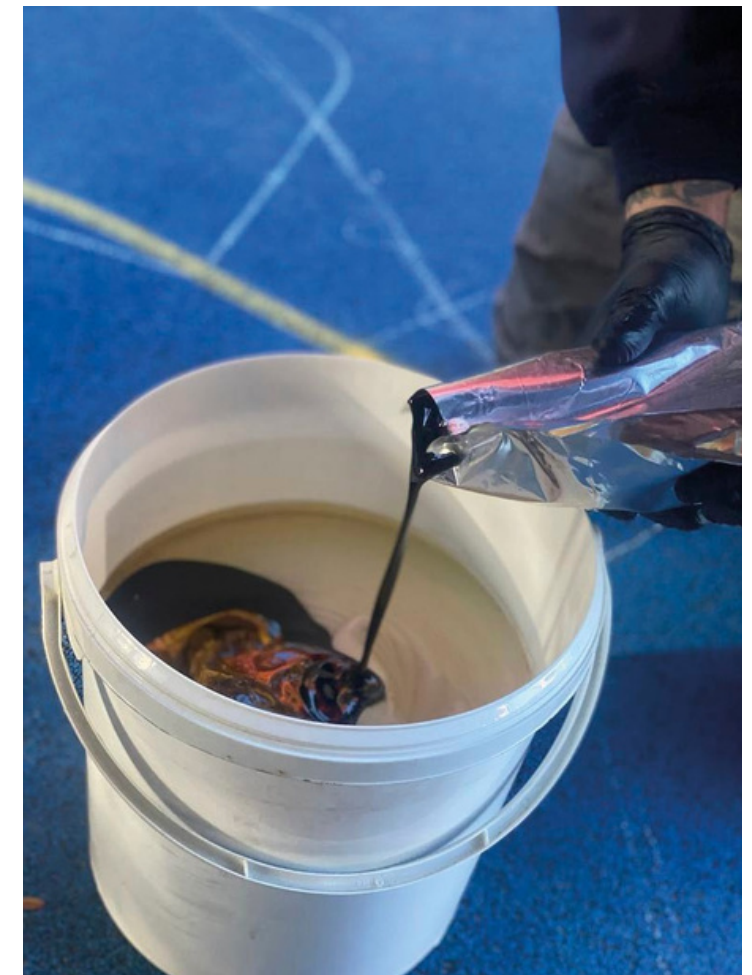

2

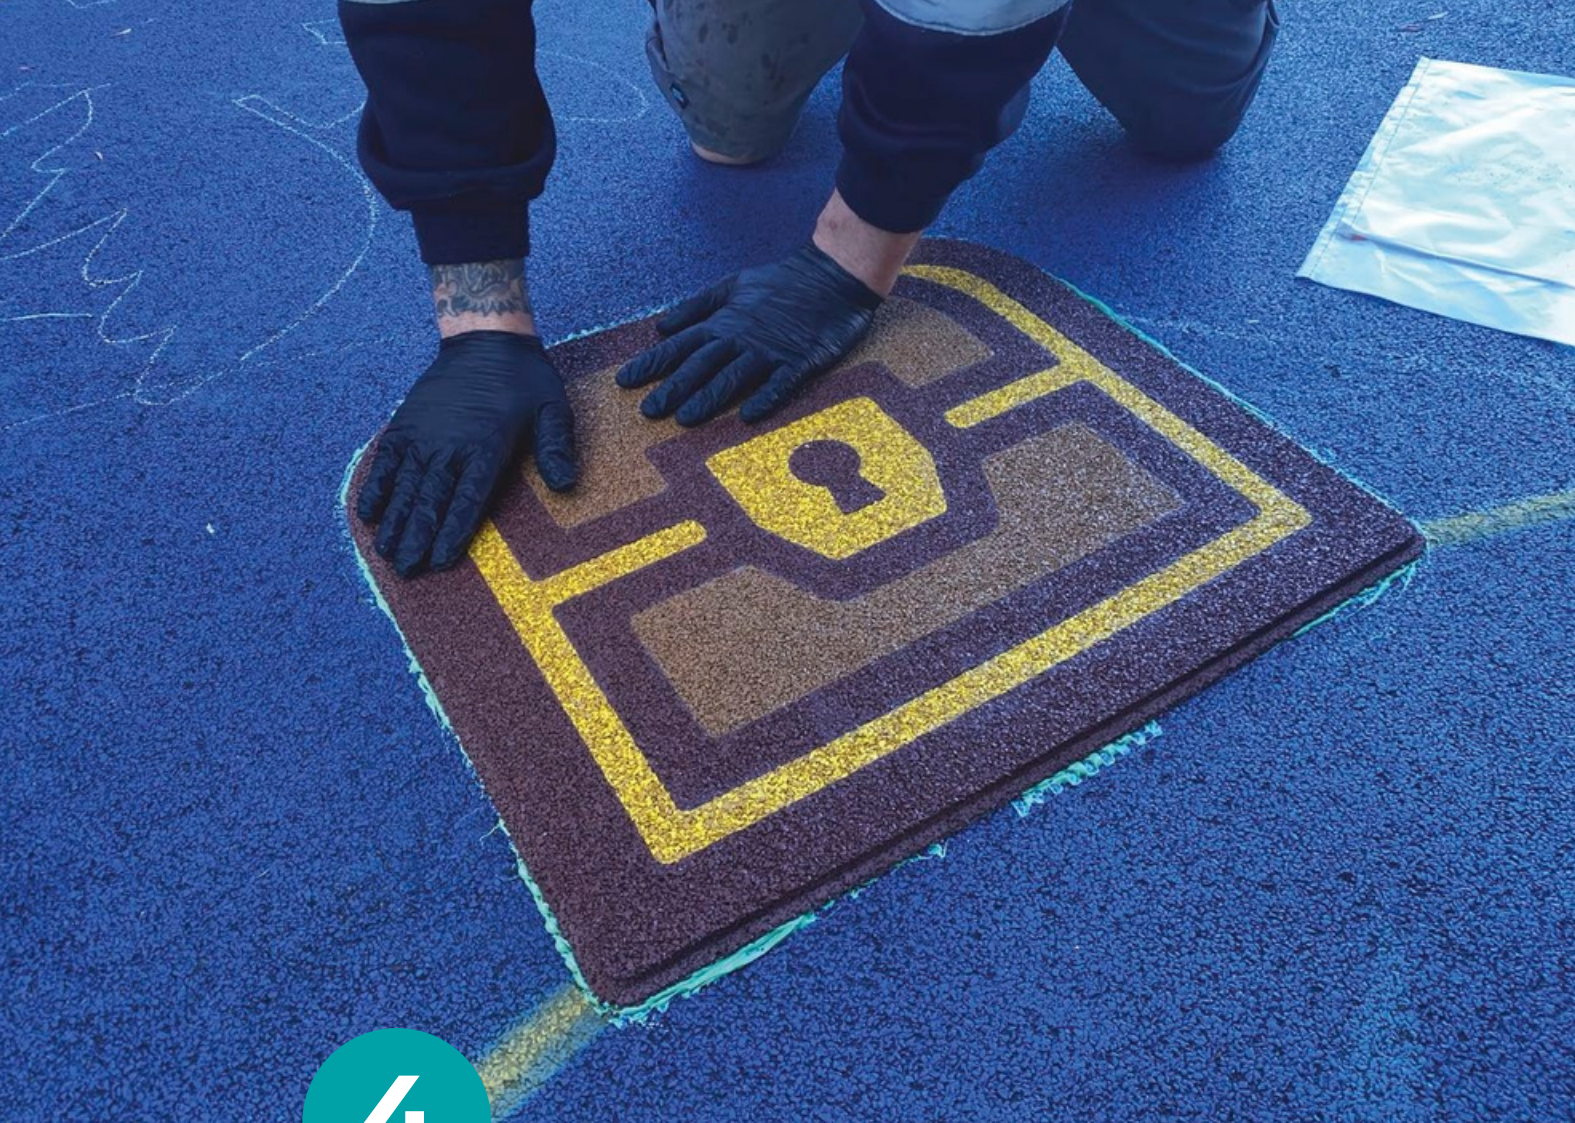

Place the graphic in the desired location and mark around using chalk, being careful not to mark the face.

3

Evenly spread the glue within the previously marked area ensuring the glue is even spread to the edges using a notched trowel.

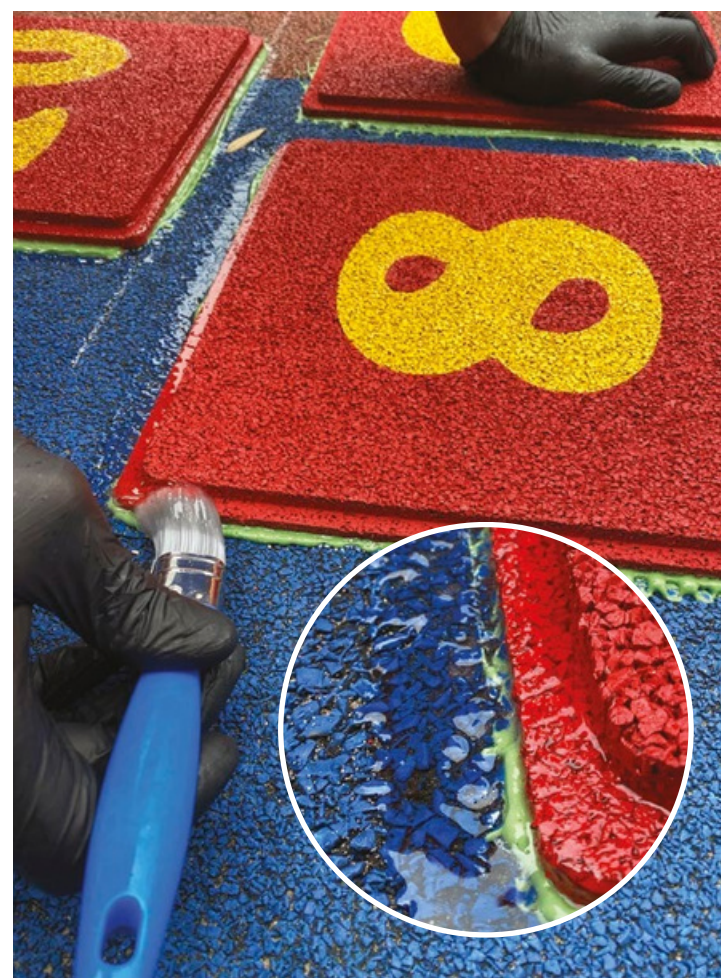

4

Position the graphic on the glue and apply pressure for even glue distribution.

5

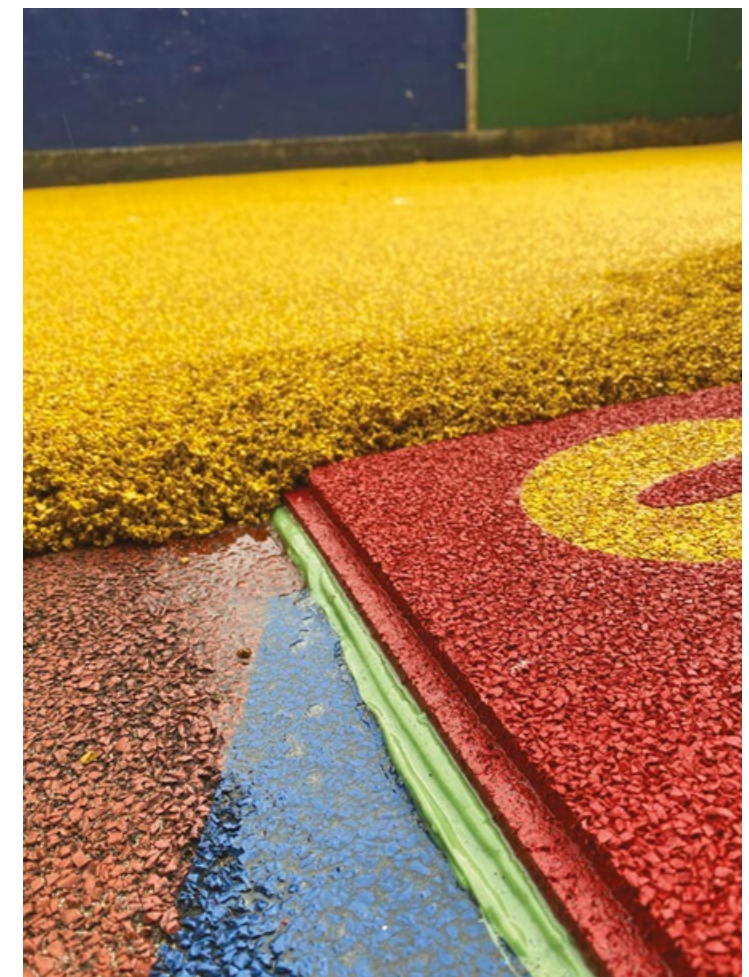

Apply your binder to the edges of your graphic being careful not to get any binder on the face of the graphic.

6

Install topping as required being careful not to cover the face of the graphic.

Clean up as required.
